Total	654.50		

The proponents have proposed use of Warm Mix Asphalt as innovative technology. The Government has agreed to use this technology in 15% of the length. These proposals are for development of State Highways on PPP (Annuity) mode with 20% Construction Support and 80% payment in 20 biannual Annuity instalments as financial uniqueness of the project.

The Proponents have been given three months to prepare and submit Detailed Project Report and Bidding documents i.e up to 30th September, 2016.

This information is for all concerns as per RTPP Act 2012.
