Dated: 10/02/2023

CORRIGENDUM NIT NO. 550/2022-23 Sr. No. 2

Following amendment is hereby made in respect of NIT No. 550/2022-23 Sr. No. 2 for related to Project Director, Unit-Electrical-Ist, RSRDC Ltd., Jaipur issued vide NIT/2022-23/27492-96 dated 07.02.2023. The details of amendments are as under:-

Sr.No.	In existing General terms & condition	To be read as
20	It has been observed that OEM Company discontinue some models of their products, which results in non-availability of spare parts of installed models in the market & it become very difficult to maintain the system after installation during the DLP period. In view of it, bidder has to submit OEM authorization Certificate specific for this tender from the approved makes of manufacturer of conference mike system. Here, bidder is required to submit OEM authorization certificate stating that bidder will be technically supported during installation & provide spare parts of installed models for next 5 Year, failing which, bid may be treated non responsive. If any licensing or software is required that is also in the scope of contractor. Contractor has to maintain all support of Hardware & configuration to the end user at site location during DLP period of 05 years. Successful bidder needs to provide all license specific in the name of end client (pollution control board, Jaipur) for future upgrades & support required for extension, etc.	It has been observed that OEM Company discontinue some models of their products, which results in non-availability of spare parts of installed models in the market & it become very difficult to maintain the system after installation during the DLP period. In view of it, bidder has to submit OEM authorization Certificate specific for this tender from the approved makes of manufacturer of Networking Switches. Here, bidder is required to submit OEM authorization certificate stating that bidder will be technically supported during installation & provide spare parts of installed models for next 5 Year, failing which, bid may be treated non responsive. If any licensing or software is required that is also in the scope of contractor. Contractor has to maintain all support of Hardware & configuration to the end user at site location during DLP period of 05 years. Successful bidder needs to provide all license specific in the name of end client (Matsya University, Alwar) for future upgrades & support required for extension, etc.
